To: The Secretary General of the United Nations,
800 2nd Ave, #-L-100
New York, N.Y. 10017-9229

Dear Sir,

I am writing as a plea to you and all the nation state members of your institution, to have the following questions raised to, and before the full body of all members:

1. Under what circumstance or condition is it acceptable in 2019 for any nation on earth still be perpetuating the practice and institution of SLAVERY

Regardless of subsequent responses or non-responses;

2. Why the fact that the "THE UNITED STATES OF AMERICA" continues to practice such a barbarous and humane institution to this very day, legally mind you under the auspices of their constitution, has not been addressed, specifically the 13th amendment of said constitution, which beguilingly proclaims abolishment of SLAVERY but, with an EXCEPTION.

Yes sir I am viewed a mere prisoner, but someone subjected to and lives with the effects of this fact that in 2019 I am but a SLAVE, and countless others have been just that over the past century, two decades and a dozen years to be exact, though knowingly or not and if this matter is not addressed in the most matter of the fact manner and condemned for what it is, then countless others will continue being SLAVES right here in the U.S.A. while the rest of the world looks on with blind eyes and deaf ears, reminiscent of the emperor of Ethiopia as notification to live in league of Nations in 1936...

I make this plea to you and the full body of the nations in good faith not just for myself but for all of mankind. I shall greatly appreciate your time, effort and consideration in this matter, I'm anxiously await your reply.

Respectfully

Richard A. Smith;
Thanks You !
